

Development and approval of new GME programs at Prisma Health

(includes complement increases in current GME programs)

Step 1	Feasibility study by originating Department*
Step 2	Draft ACGME application
Step 3	Proposal review with DIO
Step 4	GMEC review and approval
Step 5	Detailed financial analysis through phase-in (3-7+ years)
Step 6	Prisma Health Academics Council review and approval
Step 7	CFE financial review and endorsement
Step 8	Prisma Health Executive Cabinet approval
Step 9	ACGME submission for approval

* Feasibility study includes assessment of:

- 1) proposed program's strategic alignment with Prisma Health's goals,
- 2) ability to comply with accreditation requirements,
- 4) discussion with Prisma Health Affiliates' colleagues, to include proposed location (i.e., Midlands, Upstate, joint), and
- 3) impact on current programs.
